## PU030A105AQI3

**Basic parameters** Detailed documents

- Adjustable current range from 200mA to 1050mA
- Flicker-free dimming from 100% to 0.1%, gamma-corrected curve
- 0-10V capability, 1ch
- Compact size, high performance, high reliability
- UL / CE
- 2-year warranty

for Model Numbering System for LED Drivers
