

Quality Products. Service Excellence.

10-32 Countersunk Rack Screw 1421AB Series

Note: This product line will soon be discontinued as a stocked series. Available while quantities last. It has been replaced with **1421 Series**. For alternative solution assistance, please **contact Hammond here** or call: USA (716) 630-7030, Canada and International (519) 822-2960.

The screw provides a standard 0.625" rack screws length with 10-32 threads. The screw itself features a slotted and Phillips, oval head and has a nickel plated finish.

Please note we are consolidating our support to just offer screw packs that include either metal washers or plastic. Please see the **1421** series for part numbers.
