

**Charging Inlets** TE Internal #: 2388501-1 Automotive Connector Caps & Covers, Sealing Cover, Black / Orange, PA GF, 7 Position, -40 – 185 °F [-40 – 85 °C], Charging Inlets View on TE.com >

Connectors > Automotive Connectors > Automotive Connector Accessories > Automotive Connector Caps & Covers > Charging Inlet Combo

Protection & Strain Relief Accessory Type: Sealing Cover

Strain Relief: With

Primary Product Color: Black, Orange

Primary Product Material: PA GF

Number of Positions: 7

All Charging Inlet Combo (24)

## Features

## **Product Type Features**

Sealable	Yes				
Protection & Strain Relief Accessory Type	Sealing Cover				
Configuration Features					
Number of Positions	7				
Body Features					
Primary Product Color	Black, Orange				
Primary Product Material	PAGF				
Mechanical Attachment					
Strain Relief	With				
Usage Conditions					
Operating Temperature (Max)	85 °C[185 °F]				
Operating Temperature Range	-40 – 85 °C[-40 – 185 °F]				

## 2388501-1

Automotive Connector Caps & Covers, Sealing Cover, Black / Orange, PA GF, 7 Position, -40 – 185 °F [-40 – 85 °C], Charging Inlets

### **Industry Standards**

Degree of Protection	IP67				
Packaging Features					
Packaging Quantity	1				
Packaging Method	Bag & Box				
Other					
Serviceable	No				

## **Product Compliance**

#### For compliance documentation, visit the product page on TE.com>

EU RoHS Directive 2011/65/EU	Compliant with Exemptions
EU ELV Directive 2000/53/EC	Compliant with Exemptions
China RoHS 2 Directive MIIT Order No 32, 2016	Restricted Materials Above Threshold
EU REACH Regulation (EC) No. 1907/2006	Current ECHA Candidate List: JAN 2024 (240) Candidate List Declared Against: JUNE 2022 (224) SVHC > Threshold:
	Pb (3.7% in COMPONENT PART) Article Safe Usage Statements:

Do not eat, drink or smoke when using this product. Wash thoroughly after handling. Recycle if possible and dispose of the article by following all applicable governmental regulations relevant to your geographic location.

### Halogen Content

Solder Process Capability

Not Yet Reviewed for halogen content

Not reviewed for solder process capability

#### Product Compliance Disclaimer

This information is provided based on reasonable inquiry of our suppliers and represents our current actual knowledge based on the information they provided. This information is subject to change. The part numbers that TE has identified as EU RoHS compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, mercury, PBB, PBDE, DBP, BBP, DEHP, DIBP, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2011/65/EU (RoHS2). Finished electrical and electronic equipment products will be CE marked as required by Directive 2011/65/EU. Components may not be CE marked. Additionally, the part numbers that TE has identified as EU ELV compliant have a maximum concentration of 0.1% by weight in homogenous materials for lead, hexavalent chromium, and mercury, and 0.01% for cadmium, or qualify for an exemption to these limits as defined in the Annexes of Directive 2000/53/EC (ELV). Regarding the REACH Regulations, TE's information on SVHC in articles for this part number is still based on the European Chemical Agency (ECHA) 'Guidance on requirements for substances in articles' (Version: 2, April 2011), applying the 0.1% weight on weight concentration threshold at the finished product level. TE is aware of the European Court of Justice ruling of September 10th, 2015 also known as O5A (Once An Article Always An Article) stating that, in case of 'complex object', the threshold for a SVHC must be applied to both the product as a whole and simultaneously to each of the articles forming part of its composition. TE has evaluated this ruling based on the new ECHA "Guidance on requirements for substances in articles" (June 2017, version 4.0) and will be updating its statements accordingly.

## **Compatible Parts**
