

Datasheet

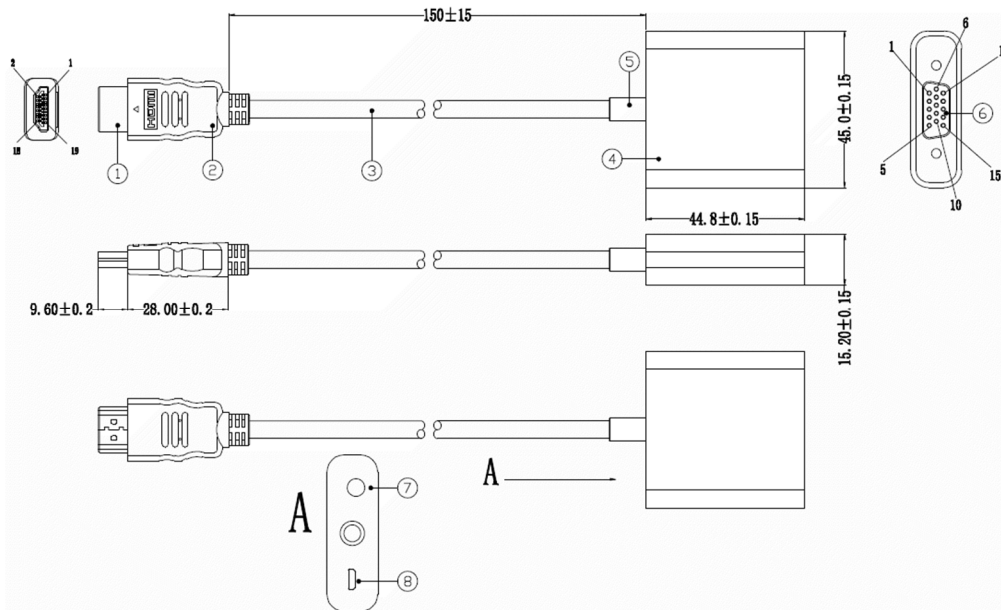

RS PRO 15CM HDMI (SOURCE) MALE TO VGA (DISPLAY) FEMALE with AUDIO & USB POWER

Stock number: 195-4343

EN

The RS PRO HDMI male to VGA female adapter converts a HDMI source to a VGA display. The VGA shell is made from black ABS with a 15cm cable flex which has a PVC jacket. The HDMI connector is made from nickel and has gold plated pins.

Our adapter also comes with a 3.5mm stereo jack to allow the audio to connect to speakers and a USB port, which can be used to make sure the adapter has a constant 5 volt of power.

- Installs in seconds and does not need drivers
- Converts HDMI in to VGA video and audio
- Built in HDMI cable
- Input HDMI
- Output VGA
- USB port to provide consistent power to the adapter
- 3.5mm Stereo output port

RoHS / REACH / CE
