

1U Rack Shelf - 10 in. Deep

Product ID: CABSHELF1U10

This 1U rack shelf lets you add 10 in. of flat storage space to any EIA-310 compliant server rack or cabinet.

Ensure your equipment is secure

The durable fixed-rack shelf can hold up to 20 kg (44 lbs.) of equipment and is constructed using SPCC commercial-grade cold-rolled steel.

Make the most of your available space

The 1U cantilever shelf lets you optimize your working space by giving you the ability to mount equipment to your rack instead of taking up desk or floor space. It's perfect for your SOHO (small office, home office) environment, server room or any other location with limited space available.

Customize your setup

You can install the 1U rack shelf in your rack at any height, giving you a stable surface for placing equipment that's un-mountable or storing your tools.

The CABSHELF1U10 is backed by a StarTech.com lifetime warranty and free lifetime technical support.

Certifications, Reports and Compatibility

Applications

- Supply additional storage space for mission-critical hardware and non-rackmount equipment

Features

- Ensure your equipment or tools are secure with heavy-duty steel construction
