

LENOX Speed Slot® Hole Saw 8 Piece Electricians Kit

1768662

- T3 Technology™ for up to 50% longer life
- Convenient storage for trade-specific uses
- Durable construction resists damage caused by drops
- Long lasting secure metal latches close case tightly
- 2X More durable compared to previous version
- SPEED SLOT® staircase design for fast, easy plug ejection
- Increased wall thickness improves durability and minimizes tooth loss
- Optimized tooth design penetrates metal with ease
- Improved metal cutting performance
- Larger, sharper teeth remove more wood for fast cutting

The LENOX Speed Slot® Hole Saw 8 Piece Electricians Kit with T3 Technology™ delivers up to 50% longer life and is up to 2x more durable than prior generations. The convenient storage case provides a durable housing. The advanced tooth design and 10% increased wall thickness improves durability and minimized tooth loss. The Speed Slot® staircase allows for fast and easy plug removal. The enhanced tooth geometry, a thin kerf design, and advanced coating contribute to the efficiency of the cutting process.
