

Tile Cutting Bit

It is ideal for shaping ceramic wall tile around bathroom or kitchen fixtures or plumbing pipes. You can also create decorative wall tile by cutting a design, such as a sailboat, and filling it in with colored grout.

Tips & Tricks:

Start at a 45 degree angle when plunging into a piece of material.

Do not use this bit to cut ceramic floor tile.

Part Nr:

2615056232

EAN Code:
