

Grooved slider
Fine adjustment allows 4 blade positions
for different applications

Comfort grip handle for comfortable
extended heavy duty use

Rubber thumb pad for
comfort and grip

No tools required for
access to the blade
storage area

The interlocking nose
prevents knife body
separation during cutting, it
also avoids the blade
pushing up through the
body under heavy pressure

Auto rise blade
storage holder
presents 1 blade for
changing

Instant blade change

Cutting angled designed for
fast cutting without scraping
the knuckles
Ideal for flooring and drylining

Internal blade storage holds 5 blades
Supplied with 5 Fatmax blades
