AT-SR01 Series

AT-SR01 Series™

Connectors

AT-SR01 Series™, Strain Relief Modifications - Plugs and Wedgelocks

The **AT Strain Relief Series'** specifically designed wire cavities protect each individual wire seal, eliminating stress on the rear seal, maintaining IP67 sealing performance regardless of wire bundle direction or improper installation. It is a cost-effective and highly-reliable solution for wire routing, strain relief and sealing issues common in Heavy Duty applications. It ensures a complete environmental seal and necessary strain relief on the production line and in the field.

AT-SR01 Series™, Strain Relief Modifications - Plugs & Wedgelocks

Plug	Face View	Part Number	Part Description	Wedgelock	Part Number	Part Description
