

Accessories for Push-In Fittings

Parker Legris has designed these different accessories to improve **safety** and circuit **identification**.

Product Advantages

Safety | Protection of operators and equipment
Prevents accidental disconnection
Disconnection only possible with tooling
Resistance to grease and cleaning agents

Ergonomic | Colour-coding for fluid circuit identification (6 colours)
Setting and fixing of your circuits thanks to clips and release button covers
Easy disconnection with tool where access is difficult
Adapted to meet all installation configurations

Applications
Robotics
Automotive Process
Pneumatics
Semi-Conductors
Textile
Water Treatment
Beverage Dispensers

Technical Characteristics

Compatible Ranges	LF 3000®, LIQUIfit®
Working Temperature	-20°C to +95°C
Materials	Tamper-proof safety clip, release button cover, clip: technical polymer Reducer and plug: nickel-plated brass

Installation Process

Tamper-Proof Safety Clip

Coloured Release Button Covers

Coloured release button covers can be mounted on LF 3000® and LIQUIfit® fittings, supplied fitted with manual release buttons.

5 colours are available and allows colour coding to be used throughout circuits.

Disconnection Tool

In cases where access is difficult, this tool can be particularly useful.

Clip Strips

Clips are also designed to fix LF 3000® fittings in series within a minimum of space.

The complete range of accessories can be found in Chapter 9.
