

## **DCF601D2-QW**

### **12V XR Brushless Sub-Compact Screwdriver - 2 X 2Ah**

The DCF601 12V XR screwdriver is designed for all of those hard to reach fasteners that need the control of a clutch. Small enough to fit in the tightest places at only 122mm long and enough power to get the job done. It also features 15 torque settings with spindle lock to enable fasteners to be hand tightened and 3 LEDs positioned on the nosecone to illuminate all work areas.

#### **Selling Propositions**

- 36mm shorter than the previous generation, allowing you to get into even smaller spaces.
- Only 0.68kg (tool only) for ultimate portability
- 30% more runtime than the previous generation.
- Up to 8Nm torque allows you to achieve tough screwdriving applications.
- 16 position clutch enables you to perform precise, repeatable applications.
- 'Drop and Load' bit holder for one-handed operation.
- New 12V tools and batteries are 100% compatible with your existing 10.8V products
- Efficient brushless motor delivers high performance, extends tool life and allows for a much shorter design.

#### **Standard Equipment**

- Belt Hook (1)
- 2Ah Batteries (2)
- DCB112 Multi-Voltage Charger (1)
- TSTAK Kit Box (1)

#### **Specifications**

#### **Warranty specifications**
