

DCF801D2-QW

12V XR Brushless Sub-Compact Impact Driver - 2 X 2Ah

The DCF801 12V XR impact driver is designed for precision applications like small fasteners, but also can handle up to an M10 bolt. Small enough to fit in the tightest places at only 125mm long and enough power to get the job done with 163Nm of torque. It also features a 3 mode switch with Precision Drive for the most precise applications and 3 LEDs positioned on the nosecone to illuminate all work areas.

Selling Propositions

- 33mm shorter than the previous generation, allowing you to get into even smaller spaces.
- 3 electronic speeds allow for greater control when working on precise applications.
- The Precision Drive mode is ideal for fine screw work, preventing the screw head or material from being damaged.
- 20% more runtime than the previous generation.
- Only 0.9kg (tool only) for ultimate portability.
- 'Drop and Load' bit holder for one-handed operation.
- New 12V tools and batteries are 100% compatible with your existing 10.8V products
- Efficient brushless motor delivers high performance, extends tool life and allows for a much shorter design.

Standard Equipment

- Belt Hook (1)
- 2Ah Batteries (2)
- DCB112 Multi-Voltage Charger (1)
- TSTAK Kit Box (1)

Warranty specifications

- Dewalt European Warranty 3 years (subject to registration)

Specifications	
Battery Voltage	12
Battery Capacity	2.0 Ah
Battery Chemistry	Li-Ion
