## RS PRO 4mm Female Banana Socket

RS Stock No.: 224-7423, 224-7424, 224-7426,  
224-7427, 224-7428

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

Banana sockets are mainly used for electronics or electrical products to connect cables. The 4 mm reference is the size of the hole that receives the plug connector. They are perfect for custom power supply projects, enclosure units, modifications, or repairs to worn or broken sockets.

These female socket connectors mate with the popular 4 mm shrouded or unshrouded banana plug and wire. They have a shrouded female socket at one end with nickel, tin-plated contacts, an M12 x 0.75 threaded body, and a 4.8 mm Faston tag at the other. Supplied with nut & washer.

## General Specifications

Connector Type	Banana
Connector Size	4mm
Gender	Female
Termination Method	4.8mm Tab

## Mechanical Specifications

Body Material	Nylon 6
Contact plating	Nickel, Tin
Operating Temperature	-20° to +80°C

## Electrical Specifications

Voltage Rating	1KV CAT III
Current Rating	24A.

## Approvals

Standards Met	RoHS
