

FEATURES

- Extremely durable
- High flow in compact dimension
- Easy installation
- Energy saving

RS PRO Namur Valve Bistable 5/2 1/4

RS Stock No.: 2312552

RS PROfessionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

The RS PRO namur valve bistable 5/2 1/4 has large flow capacity, short change-over times and low change-over pressure. Also it has operating pressure range of 1 to 10 bar. It works on solenoid actuation. Solenoid coils are energy-saving and available in all voltage. It has Large flow capacity , short change-over times and low change-over pressure.

General Specifications

Minimum Operating Pressure	10bar
Application	Pneumatic Automation, Robotics, Handling, Automotive Process, Textile, Packaging, Heavy Duty, Food Process

Electrical Specifications

Function	BSP 1/4
Actuation Type	Brass Push Fit Fitting

Mechanical Specifications

Connection Port Thread	Solenoid
Mounting Style	Bistable
