DESCRIPTION

Need some really bright LEDs? We are big fans of these clear yellow LEDs, in fact we use them exclusively in our kits. They are very bright! They go easily into a breadboard and will add that extra zing to your project.

This comes in a pack of 25!

If you need some help using LEDs, please read our "Introduction to using LEDs" tutorial for any electronics project.

TECHNICAL DETAILS

- Pack of 25 diffused yellow LEDs
- 5mm diameter
- Peak Wavelength: 525nm
- Forward Voltage (at 20mA current): 3.0-3.4V
- Typical Brightness: 18000mcd
