

FEATURES

- Reduces power consumption for 80% energy saving
- Diaphragm pilot solenoid valve with lower working pressure

RS PRO Solenoid Valve

RS Stock No.: 2351301

Standard Type – Normally Closed

Product Description

Part No.	Port Size	Orifice	Voltage
2351301	G1/2"	16 mm	AC220 V

Features

- Reduces power consumption for 80% energy saving
- Diaphragm pilot solenoid valve with lower working pressure

General Specifications

Working pressure	Water / gas 0 to 5 bar
Maximum temperature	80°C

Materials

Body	Brass
Seal	NBR
