#### 1-Phase Line Filters https://www.schurter.com /PG84

## **FPBB RAIL**

### AC/DC Filter 2-Stage, DIN Rail Mounting, Overcurrent and Overvoltage Protection

Housing RI

Housing RI with Circuit Breaker

Housing TI

#### Description

- Single-phase line filter in standard and medical versions
- 2-Stages filter
- Very high attenuation
- broadband
- Fuseholder
- Thermal circuit breaker
- Surge protection

### **Unique Selling Proposition**

- Slim filter for DIN-rail mounting or chassis mounting
- With fuse holder or circuit breaker for equipment
- With overvoltage protection
- Quick wiring with cage clamp terminals

## Technical Data

#### See below: Approvals and Compliances

#### Characteristics

- Protection against interference voltage from the mains
  Possible interferences generated in the equipment are strongly attenuated
- Especially designed for electric switch and control cabinets
- Suitable for use in equipment according to IEC/UL 62368-1
- Suitable for use in medical equipment according to IEC/UL 60601-1 (1 MOOP)
- Suitable for medical equipment intended for permanently connection to the mains

#### Approvals and Compliances

Detailed information on product approvals, code requirements, usage instructions and detailed test conditions can be looked up in Details about Approvals

SCHURTER products are designed for use in industrial environments. They have approvals from independent testing bodies according to national and international standards. Products with specific characteristics and requirements such as required in the automotive sector according to IATF 16949, medical technology according to ISO 13485 or in the aerospace industry can be offered exclusively with customer-specific, individual agreements by SCHURTER.

### Approvals

The approval mark is used by the testing authorities to certify compliance with the safety requirements placed on electronic products. Approval Reference Type: FPBB Rail

| Approval Logo  | Certificates  | Certification Body | Description                  |
|----------------|---------------|--------------------|------------------------------|
| 10             | VDE Approvals | VDE                | Certificate Number: 40047767 |
| c <b>FL</b> us | UL Approvals  | UL                 | UL File Number: E495089      |

### **Product standards**

Product standards that are referenced

| Organization | Design                | Standard         | Description   |
|--------------|-----------------------|------------------|---|
| IEC          | Designed according to | IEC 60320-1      | Appliance couplers for household and similar general purposes         |
| IEC.         | Designed according to | IEC 60939        | Passive filters for suppressing electromagnetic interference          |
| IEC          | Designed according to | IEC 60127-6      | Miniature fuses. Part 6. Fuse-holders for miniature fuse-links        |
| (h)          | Designed according to | UL 498           | Standard for Attachment Plugs and Receptacles                         |
| (h)          | Designed according to | UL 60939-3       | Electromagnetic interference filters                                  |
| GE Group     | Designed according to | CSA C22.2 no. 42 | General Use Receptacles, Attachment Plugs, and Similar Wiring Devices |
| GED Group    | Designed according to | CSA C22.2 no. 8  | Electromagnetic interference (EMI) filters                            |
|              |                       |                  |   |

### **Application standards**

Application standards where the product can be used

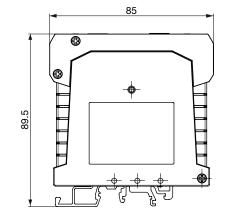

| Organization | Design                         | Standard       | Description   |
|--------------|--------------------------------|----------------|---|
| IEC.         | Designed for applications acc. | IEC/UL 62368-1 | Audio/video, information and communication technology equipment - Part<br>1: Safety requirements          |
| <u>IEC</u>   | Designed for applications acc. | IEC 60601-1    | Medical electrical equipment - Part 1: General requirements for basic<br>safety and essential performance |

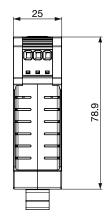

### Compliances

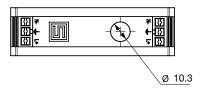

The product complies with following Guide Lines

|                | til following duide Lines      |             |   |
|----------------|--------------------------------|-------------|---|
| Identification | Details                        | Initiator   | Description   |
| C€             | CE declaration of conformity   | SCHURTER AG | The CE marking declares that the product complies with the applicable<br>requirements laid down in the harmonisation of Community legislation on<br>its affixing in accordance with EU Regulation 765/2008. |
| UK<br>CA       | UKCA declaration of conformity | SCHURTER AG | The UKCA marking declares that the product complies with the applicable<br>requirements laid down in the British Amendment of Regulation (EC)<br>765/2008.  |
| ROHS           | RoHS                           | SCHURTER AG | Directive RoHS 2011/65/EU, Amendment (EU) 2015/863  |
| <b>©</b>       | China RoHS                     | SCHURTER AG | The law SJ / T 11363-2006 (China RoHS) has been in force since 1 March 2007. It is similar to the EU directive RoHS.  |
| REACH          | REACH                          | SCHURTER AG | On 1 June 2007, Regulation (EC) No 1907/2006 on the Registration,<br>Evaluation, Authorization and Restriction of Chemicals 1 (abbreviated as<br>"REACH") entered into force.                               |
| T              | Medical Equipment              | SCHURTER AG | Suitable for use in medical equipment according to IEC/UL 60601-1 (1 MOOP, 1 MOPP)  |
