CURRENT A 10

VOLTAGE V 250

SPECIAL CODE BK, PTP

DEGREE OF PROTECTION UNPRO

OTHER DETAILS With solder. Tags two, three and four in line.

The product has been tested and it complies with standard EN 60 320-2-2.

The product has been entered in the register of certified products and on as well as with the product the FI mark can be used on the valid conditions.

The product has been entered in the register of certified products on the basis of the earlier testing, number 192361-01, and it has been granted the right of use of the FI mark on the valid conditions.

This certificate is valid until 2006-12-31, unless it for the reasons mentioned in the general conditions of the testing and certification activities ceases to be in force earlier.

For more information on this test result, please contact Mr Timo Peltonen or Mr Sixten Lökfors.
