

## TECHNICAL DATA SHEET

### RS 819-4071 Screenwash De-icer

RS 819-4071 is a water soluble blend of alcohols designed as a dual-purpose windscreen wash solution and de-icer. When used neat it can rapidly remove of ice from surfaces such as glass. When diluted with up to 4 parts water it can be used as a windscreen wash liquid to provide wash bottle protection in sub-zero temperatures.

- Very effective cleaner, removing grease, traffic film and fly residues from windscreens
- Prevent wash bottles from freezing in sub zero temperatures
- Excellent de-icer when used neat

Approvals                      RoHS Compliant (2002/95/EC):                      Yes

#### Typical Properties

Appearance	Clear Liquid
Odour	Organic solvents
Flash Point	29°C
Density	0.95 g/cc

#### Packaging

5 Litre Bulk

#### Order Code

RS 819-4071

#### Directions for Use

For summer use, dilute with up to 20 parts water. In winter conditions RS 819-4071 may be used neat to provide protection to -18°C or diluted with up to 4 parts water to provide wash bottle protection to -4°C. For de-icing screen apply RS 819-4071 undiluted via spray and ice will rapidly dissipate.
