

Magnetic holder

3688.002

Product Description

The magnetic holder by Halder is used as a multi-functional and versatile mount for blow-off guns, cables, tubes, clothing, barrier tape, and much more. The holder makes it a cinch to attach / hang the items without the need to screw the holder in place.

Made of plastic, the sturdy holder boasts tremendous holding force thanks to the 6 neodymium magnets housed in the pot magnet (D65mm). The rubber-encased contact surface is resistant to oil and prevents scratches on the holding surface.

The special shape provides for dual-use zones (e.g. for a compressed air gun and hose) and keeps the attached/hung items from slipping / sliding off inadvertently. This keeps the workplace safe and eliminates any tripping hazards.

The magnetic holders are packaged individually in a cardboard box that also serves as protective product packaging providing safety information and instructions for use.

This product is available in blue and in black.

Product features:

- Mount for multi-functional use with no need to screw the holder in place.
- Rugged plastic design
- Tremendous holding force thanks to six neodymium magnets (D65mm).
- Rubber-encased contact surface is resistant to oil and prevents scratches on the holding surface.
- Special shape provides for dual-use zones.
- Attractive sales packaging with safety information and instructions for use.
- Available in blue and black.

Material

Magnet

- Permanent magnet

Body

- plastic
