

The Stanley FatMax® Screwdriver sets have a chrome vanadium steel bar which allows high torque and reduces the risk of tip breakage. The handles are moulded directly to the shaft for a virtually unbreakable bond - giving long life and durability. The screwdrivers have a pinched 'waist' design which allows for high speed screw rotation and a hooking hole for easy and practical storage.

The soft-grip handle gives a perfect combination of great grip and reduced fatigue in use and is colour coded for easy identification of the right tip type for the application. The smooth domed end offers fast, comfortable spinning action and the large diameter handle offers higher torque when driving wood screws.

Technical Specs

2 x Parallel: 3.5mm x 75mm, 5.5mm x 125mm

1 x Flared: 6.5mm x 150mm

2 x Pozidriv: 1pt x 100mm, 2pt x 125mm

2 x Phillips: 1pt x 100mm, 2pt x 125mm
