

Turbidity Click Bundle

PID: MIKROE-4939

Turbidity Click Bundle: This bundle gives you everything you need to take high-accuracy turbidity measurements. It allows users to combine TSD-10 Turbidity Sensor with Turbidity Click via an additional 3-wire cable to measure the relative clarity of any liquid.

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
 ISO 14001: 2015 certification of environmental management system.
 OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).
