

SOLDERLESS BREADBOARD - 830 HOLES + JUMPER WIRES - 140 pcs

VTBB1N

Product description

Features

- breadboard and jumper wires
- base socket : twin columns of 5 x 63 terminals
- bus strip: 2 buses of 50 connected terminals are arranged in 2 rows

Specifications

- voltage: max. 30 V
- current: max. 3 A
- material breadboard:
 - external body: ABS with colour printing
 - clips: stainless steel
- base socket: 1
- bus strip: 2
- tie points: 830
- 14-pins IC capacity: 9
- binding post: 0
- dimensions:
 - breadboard: 165.5 x 56.5 x 8.5 mm
 - jumper wires box: 170 x 55 x 18 mm
- weight:
 - breadboard: 74 g
 - jumper wires box: 75 g
- jumper wire set:
 - features:
 - save time and enhance the layout of your PCBs
 - comes in an attractive transparent box
 - wires are pre-stripped (7 mm) and bent under a 90° angle
 - specifications:
 - 14 different lengths of 10 pcs ranging from 2 to 125 mm (22 AWG solid wires)
 - 10 pieces each
 - different colours
